

# ARMSTRONG INTERNATIONAL MOVING SERVICES

## WHY CHOOSE US?

### Experience

Since 1972, we have been a leading global provider of transportation and relocation services. Our multilingual staff has an average of 12 years experience in the international moving industry and operations.

### Settling-In Services

We offer destination services for customers relocating from a different country or within the continental United States. Residential, educational, legal and financial services (at origin and destination) are available, for example: information on commute patterns; school selection; home location; acquiring necessary licenses; establishing a bank account; disconnection and connection of utilities; discontinuing memberships; and much more. These services are designed to provide smooth transitions for our customers from their old homes to their new ones.

### Assured Highest Quality Service

As part of our ISO 9001 and FAIM certifications, outside auditing teams scrutinize our service to make sure that we meet their strict standards.

### Secure Facilities & Processes

We are certified by both the TSA and Homeland Security (DHS). Our C-TPAT certification requires frequent unannounced audits by the DHS.

### Cutting Edge Technology

RedSky (state-of-the-art, cloud-based, event driven move management software) allows 24/7 access, via a private user-friendly portal on any internet-ready device, from real-time shipment tracking to document sharing, request initiation and more.

### Best Options, Pricing & Service

We are members of OMNI and FIDI (leading international moving organizations). Our exclusive network of

## OUR INTERNATIONAL PRESENCE

more than 400 elite movers in 175 countries gives us access to the best rates and services, so we can offer the best options and pricing to you. We consistently nurture our relationships with the relocation professionals in our network. In addition to personal and professional enrichment, these relationships ensure ease of business, the highest levels of service in the industry and a seamless experience for our customers. Additionally, we are a founding member of OSA (Overseas Shippers' Association). Through OSA, we and our other members use collective volume to negotiate the best rates and transit times available from ocean carriers.

### One Point-of-Contact

Our move coordinators understand customs and cultures and make sure the international moving experience is flawlessly conducted. Your coordinator will actively manage your account and every shipment from its origin to its destination.

### Asset Management

We can provide long term storage

management with consolidated and electronic quarterly statements.

### Container Options

We can provide air or surface freight containers to fit any need. From a 94 cubic foot (2.7 cubic meters) air freight container up to a 2,400 cubic foot (70 cubic meters) surface container.
